**WHY NOT TRY? / IT WOULD BE A GOOD IDEA TO ...**

It would be a good a idea that all the organizations collaborate with each other. There should not be a leader and it is necessary that all the organizations can express their own ideas.They should try to organize competitions and tournaments of music,dancing,playing cards,billiards,chess and bowling.

Each time in a different organizaton .

**NECESSARY CONDITIONS: MATERIAL / PLACE / TIME**

A necessary condition should be a good relationship among the organizations .They should share the material they may need or hire it and pay it together

The place in which the activities take place should change every time. The activities should be done, in special occasions Christmas, New Years Day, Easter etc.

**POSSIBLE OBSTACLES**

The obstacles can be that :

- 1 ) one organization will want to predominate on others
- 2) the organizations may not want to share materials
- 3) the organizations may be far from each other so the collaboration may be difficult.
