

## **COMMON STRUCTURE FOR BEST PRACTICES TO BE INCLUDED IN THE COMPENDIUM (DISSEMINATION ASPECT OF THE PROJECT).**

**(proposal by the coordinator for discussion)**

### **(1) Definition and characteristics of the local IG Groups**

Information about the learning group: ages, gender ratio, learners' profiles (see Alicante meeting report).

### **(2) Objectives of the IG workshops**

Short description of what the activities are aiming at in relation to the particular lifestyle under study.

### **(3) Methodology and description of the workshop activities with illustrations**

Any information about preparation, place, timing, material used, persons' roles, nature and quality of interactions between learners, learners and staff, etc. Concrete and specific information about the theme (the particular lifestyle being studied) and what the learners knew and discovered about it.

### **(4) Results obtained from the various workshops and activities in terms of learning / teaching pedagogy and IG experiments.**

General information in synthetic form concerning

(a) what was learnt and how about the particular lifestyles being studied

(b) IG transmission during workshops and activities: information about the impact of the activities on the learners of the various age groups involved.

### **(5) Assessment of the degree of adaptability of the activities to different institutional and organisational contexts.**

Information concerning the manner in which the workshop activity could be used by other partners.

**NOTE:** the length and importance of each point should be approximately the same for each organisation.
