- Fundacja Pomocy Niewidomym, Lomianki, PL
- Scuola Secondaria di I Grado G.Pascoli, Fasano di Brindisi, IT
- Universidad Permanente de la Universidad de Alicante, Alicante, ES
- Zebra Formations asbl, Hannut, BE

Meeting agenda at Fundacja Pomocy Niewidomym, Poland : 17 - 18 January 2013

1/ Designating a secretary for the project meeting (who will take notes, write and communicate the report).

2/ Presentation by Turkey of the third compilation of products in Compendium form referring to the third lifestyle variable.

3/ Presentations by Partners of their local activities as best practices to be shared.

Local activities are related to the 4th lifestyle variable “Forms of Artistic Expression”

IMPORTANT NOTE (point 11/(a) of the previous meeting report):

Considering the nature of the fourth lifestyle variable (arts) it was decided that presentations at the meeting in Poland would be restricted: **10 to 15 minutes (maximum)**. They should be **limited to the 4 pages corresponding to the compendium description**. However **extra illustrations of the theme can be presented by partners in a less formal context during social activities** (in the evening / after meals, taking into consideration that we have a limited time)

REMINDER:

For coherence the compendium presentations should respect the agreed common structure:

- Definition and characteristics of the IG Groups.
- Objectives of the IG workshops.
- Methodology and description of the workshop activities.

- Results obtained from the various workshops and activities in terms of learning / teaching pedagogy and IG experiments.
- Assessment of the degree of adaptability of the activities to different institutional and organisational contexts

4/ Evaluation tools (continuous assessment of the progression of the project and partnership)

a) - Presentation by Poland and Portugal of the compilation of results of the evaluation carried out in Fasano (for dissemination on the website).

b) - Fourth evaluation session organised by Poland and Portugal.

5/ Dissemination of products through the partnership website hosted by UPUA: checking the various tasks that were to be completed.

(a) Transmission of the structured Compendium file (compilation of products) by Turkey to Spain.

(b) Transmission of the evaluation results of the Turkish meeting shown in Italy

(c) Sending translations of the extra two and a half pages of information about the project (Motivation, Objectives and strategy, Impact, Relevance, European added value): **BEFORE END OF MARCH 2013**

6/ Evaluation of communication between partners via

<http://groups.live.com/lifestyles-revisited>
lifestyles-revisited@groups.live.com

Assessing: * the uploading of photos or documents.

7/ Finalizing the project by considering the European dimension.

Discussion on the ways of implementing a theme related to **leisure and free time** (Spain's proposal) and how the outcome can be materialised.

Suggestion by Belgium: exchanging "national" photo galleries illustrating the use of free time and leisure in each of our countries.

8/ Reminder and review of the specific distribution of tasks, according to the application form and particularly in view of the evaluation and production of the compendium.

Partners responsible for collecting and structuring the products for the **Project Compendium** following a common structure:
